Allowable Subject Matter

Reasons of Allowance:

3. Claims 15 and 22-27 (renumbered as 1 and 2-7) are allowed.

The following is an examiner's statement of reasons of allowance:

Regarding claims 15 and 22-25, the reasons of allowance for claims 15 and 22-25 should be evident from the previous office action mailed on August 23, 2005. **Regarding claims 26 and 27**, the reasons of allowance should be evident from the applicant's arguments made in paragraph 3 on page 8 of 8 of the amendment filed November 21, 2005. The instant invention recites a method for detecting text in a mixed-content image, by identifying an edge associated with a high-contrast intensity change and an intensity gradient direction for said edge. The instant invention further identifies a character stroke axis from the group consisting of a stroke valley or a stroke ridge by "analyzing successive pixels to identify a coincident curvature position wherein a substantial curvature of an intensity map occurs at the same location as a minimal curvature of said intensity map in another direction" as recited in claims 26 and 27. This limitation as recited in the claims 26 and 27 is not disclosed or suggested by prior art of record. Therefore, claims 26 and 27 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
